

The open road now has fewer roadblocks.

Introducing the first and only insurance coverage designed exclusively for luxury motorcoach owners.

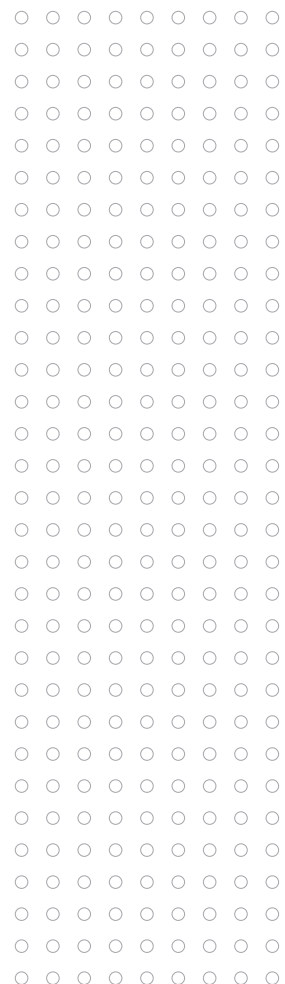

There's little better than hitting the road behind the wheel of a luxury motorcoach. Getting proper insurance coverage for that vehicle, however, was another story altogether. Standard RV policies cap out well below the desired valuation required, and have limited coverage for personal contents, requiring owners to self-insure an unacceptable level of liability. Auto policies have even lower limits and less complete coverage, creating gaps that too often come as a surprise in the event of a claim.

So, AIG and HUB came together to offer a better alternative: The first and only insurance policy created specifically for owners of high-end motorcoaches. Compared to the standard coverages offered by other carriers:

Higher Physical Damage limits, entry point commencing at \$1m with no restriction on desired value serving the top of the customized motorcoach market.

Two-year total loss protection, so you are fully protected in the early high-depreciation years.

Greater flexibility, to balance deductibles and premium costs to best suit your needs.

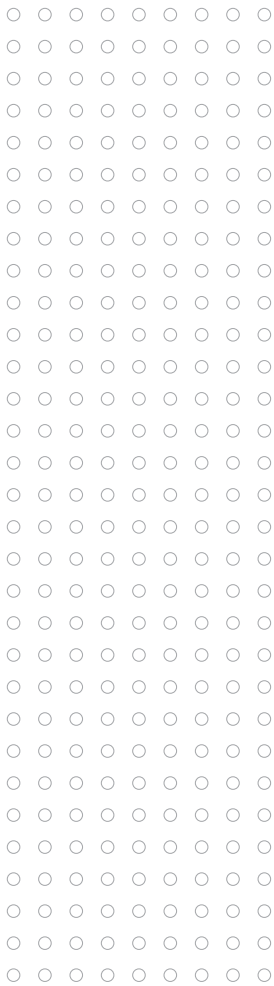

Guaranteed valuation, mutually agreed by you and AIG, so you know exactly how much you will receive if you suffer a total loss.

The best of two coverages, homeowners, and auto all on one policy.

- Electronics
- Personal contents
- Contents of others
- Luxury Coach related structures (ability to endorse on the policy)
- Personal liability- inclusive of Bodily Injury, Property damage, Personal injury up to policy limit
- Auto policy liability protection

The first and only coverage designed exclusively for owners of high-end luxury motorcoaches is offered by AIG exclusively through HUB. To speak with a HUB Private Client Advisor about designing a coverage that meets your specific financial and lifestyle needs, please contact:
